<Use-Case: Delete Account>

- Scope: Issue Management Program
- Primary Actor: Admin
- Precondition: Admin is authenticated. At least one account has been created exclude admin.
- Postcondition: System deletes the account from DB.

<u>Main Success Scenario</u>

1. Actor gets the list of the accounts, including the project that they involved and the role of the account in the project.
2. If the account has no project that it is involved, the "delete" button is appeared.
3. Actor clicks "delete" button if he/she wants to delete account from DB.
